## 3FO Unilevel Income Plan

Get Paid Up to 15 Levels Deep

Unlock massive residual income as your team grows — earn from every subscription sold in your network!

### How It Works?

1. You earn a percentage on every active IGNITION PACK and ALPHA YIELD PLUS PACK in your downline, up to 15 levels.
2. Each level is unlocked based on the number of active direct referrals you make.

# Level Unlock Breakdown

Level	Required Active Direct Referrals	Income %	Earning Example (On \$500 Pack)
1	2	10%	\$50 Per Sale
2	3	5%	\$25 Per Sale
3	4	4%	\$20 Per Sale
4	5	4%	\$20 Per Sale
5	6	4%	\$20 Per Sale
6	7	3%	\$15 Per Sale
7	8	3%	\$15 Per Sale
8	9	2%	\$10 Per Sale
9	10	2%	\$10 Per Sale
10	12	2%	\$10 Per Sale
11	13	2%	\$10 Per Sale
12	14	2%	\$10 Per Sale
13	15	1%	\$5 Per Sale
14	16	1%	\$5 Per Sale
15	20	1%	\$5 Per Sale

All levels are performance-based – the more people you directly refer, the deeper you unlock commissions.

# Crazy Income Potential

Imagine if just 5 people per level bought the \$500 IGNITION PACK in your 15-level structure:

1. Total team size:  $5^0 + 5^1 + \dots + 5^{15} =$  over 30 million people
2. Even at just 1–2% per level, that adds up to huge recurring commissions

## Applied Example (You Refer 5, They Do The Same)

Level	People	Income %	Earning (\$500 Pack)
1	5	10%	\$250
2	25	5%	\$625
3	125	4%	\$2,500
4	625	4%	\$12,500
5	3,125	4%	\$62,500
...	...	...	...

- Total potential income across 15 levels: 6–7 figures
- Scales with IGNITION + ALPHA YIELD PLUS subscriptions

**Smart Tip:** Staking BTCC unlocks 3x or 4x earning cap — so even deeper level earnings are collected at full throttle!

# BUILDER'S **INCOME** ON YIELD

Earn from Your Team's Passive Income – Forever

When your downline earns weekly yield from the Alpha AI, you earn too — not just once, but every week, across 15 levels.

## How It Works?

- 3FO shares 50% of the Alpha AI's internal yield earnings with the community.
- This is distributed across 15 levels based on your team's active yield wallets (IGNITION or ALPHA YIELD PLUS subscriptions).
- You earn a percentage of the weekly yield your team receives.

**The deeper your team, the more passive yield you accumulate.**

# Builder's Yield Income (Level-Wise Distribution)

LEVEL	NO. OF ACTIVE DIRECTS TO UNLOCK	BUILDER'S YIELD INCOME
Level 1	2	10%
Level 2	3	5%
Level 3	4	5%
Level 4	5	5%
Level 5	6	3%
Level 6	7	3%
Level 7	8	3%
Level 8	9	3%
Level 9	10	3%
Level 10	12	2%
Level 11	13	2%
Level 12	14	1%
Level 13	15	1%
Level 14	16	2%
Level 15	20	2%

Builder's Yield Income (Level-Wise Distribution)

## Example Scenario:

Let's say someone in your 3rd level earns \$100/week from DeFi yield:

- ④ You get 5% of that = \$5/week
- ④ That's just from one person. Imagine hundreds across 15 levels!

**It's like earning dividends from your entire network's passive income.**

## Key Benefits:

- ④ Weekly payout, not one-time
- ④ Stacks with unilevel commissions (you earn on subscription + yield)
- ④ Long-term loyalty incentive – motivates community to stay active and staked
- ④ Scales naturally as more people join your team and activate packs

# Compensation Plan Terms

- All earnings are calculated based on active subscriptions.
- Payouts are processed daily in ETH on the Base network
- Yield is generated from Alpha AI Yield performance and may vary weekly based on recruitment.
- 5% admin fee is applied on all withdrawals.
- To qualify for Unilevel and Builder's Income, users must maintain required number of active directs and BTCC staking (optional for 2x–4x cap).
- Rank rewards are paid once upon meeting the criteria with 3 legs minimum (40:30:30). R10 requires 4 legs.
- Income limits are applied per subscription based on staking ratio:
  - 2x without staking
  - 3x with 1:1 staking
  - 4x with 1:2 staking
- Users must follow all platform terms, stay compliant, and avoid manipulation or stacking.

To ensure transparency and clarity for all participants, the following terms govern the yield earnings, builder's income, and payout processes for 3FO subscriptions:

## 1. Weekly Yield Payout Schedule

- Yield payouts are processed every Wednesday and distributed in ETH(base) to the user's registered wallet on the Base network.
- Weekly yield is generated weekly & credited automatically.

## 2. Yield Payout Clarification With Examples

Yields are calculated from the date of joining until the next weekly distribution cycle:

Join Date	Days Counted	First Yield Payout
Monday	2 Days	Wednesday (Yield For Monday + Tuesday)
Tuesday	1 Days	Wednesday (Yield For Tuesday Only)
Wednesday	0 Days	Next Wednesday (Full 7-Day Cycle Starts)

After the first payout, users will receive full weekly payouts every Wednesday.

### **3. Builder's Yield Income**

- ④ The Builder's Income on Yield (residual income from your team's yields) is also credited every Wednesday, alongside your personal yield.
- ④ This income is distributed across up to 15 levels based on the active team structure and yield generation within each level.

### **4. Earning Cap & Unclaimed Income**

- ④ Every subscription (IGNITION or ALPHA YIELD PLUS) has a maximum potential earning limit (e.g. 2x, 3x, or 4x depending on BTCC staking tier).
- ④ Once a user reaches their earning cap, all further income will be redirected to a 'Unclaimed Income'
- ④ To claim this unclaimed income, users must top-up their subscription before the next business closing
- ④ Failure to top up in time may result in permanent forfeiture of unclaimed rewards.
