AURUM NEOBANK

WELCOME TO THE CUTTING EDGE OF BANKING EVOLUTION

Where every era brings forward groundbreaking opportunities for individuals and businesses. Let's dive into the three pivotal stages of the financial sector's transformation:

TRADITIONAL BANKS

- **Advantages:** Personal service, a wide range of offerings, long-established trust.
- **Disadvantages:** Limited hours and locations, high service fees, slow processing times, and outdated procedures.

ONLINE BANKS

- **Advantages:** 24/7 access, reduced fees, quick account setup.
- **Disadvantages:** Lack of personal interaction, reliant on internet access, fewer complex services.

CRYPTO BANKS

- **Advantages:** Global access, minimal transaction fees, fast blockchain transfers, enhanced security, and greater financial inclusivity.
- **Disadvantages:** Regulatory uncertainties, skepticism surrounding emerging technologies.

THE FINANCIAL WORLD IS EXPERIENCING A REVOLUTIONARY SHIFT.

This rapidly growing sector, valued in the billions, is on track for massive expansion.

Cryptocurrency banks are now at the forefront of this transformation, bringing unmatched benefits:

Global reach: Access your finances from anywhere, anytime.

Lower operational costs: Streamlined processes that save money.

Unprecedented speed and security: Blockchain technology ensures quick, safe transactions.

HOW YOU CAN EARN WITH AURUM NEOBANK

- **Card Sales Commissions:** 100% of the allocated margin from the sale of cards within your network.
- **Transaction Fees:** Receive up to 0.5% of commissions on every transaction made using the cards you've distributed.
- **Currency Conversion Fees:** Earn up to 1% from commissions on each currency conversion performed with your issued cards.
- **USDT Top-Up Fees:** Gain up to 2.2% in commissions from USDT deposits made to your distributed cards.

MAXIMIZE YOUR EARNINGS WITH AURUM CARD SALES

THE POWER OF CONSISTENT SALES:

A dedicated network marketer can sell 400 Aurum Infinity cards in just 2-3 months. Let's break down the potential earnings from this achievement:

EXAMPLE:

- **Starting Position:** Aurum Partner with current rank Vanguard Pro (Sapphire) and Legacy Volume of 25.000 LV.
- **Sales Goal:** 400 Aurum Infinity cards sold at \$249 each.
- **Partner's Earnings:** Assuming, all sales were in first line, the partner will earn $400 * 150 * 55\% = 33.000$ USDT.
- **Partner's Legacy Volume:** Partner would get updated Legacy Volume of $99.600 * 0.4 + 25.000 = 64.840$ USDT

LEGACY LEVELS BENEFITS:

Aurum Cards Sales count into Legacy Volume using 40% rule (100.000 USDT card sales within structure will count as 40.000 USDT in personal Legacy Volume). Assuming, the partner in example above has all conditions for level upgrade to Aurum Nexus, he will get following rank benefits for the 400 Aurum Infinity Cards he has sold:

- **Extra Bonus:** 2,000 USDT.
- **Increased Cards Sales Percentage:** Partner's allocated margin from cards sales within his network will grow to 70%.
- **Increased Earnings on the Way:** Assuming his rank would increase to Nexus in the midst of the 400 cards sale process, his income would be more than 33.000 USDT.

MONTHLY PASSIVE EARNINGS FROM COMMISSIONS

The potential doesn't stop here! Here's how you can generate additional income every month through transaction fees:

Transaction Fees:

- **Card Usage:** If users spend an average of **1,500 USDT** per month with the 400 cards you sold, the total monthly transaction volume is **600,000 USDT**.
- **Commission Rate:** **0.7%**
- **Network Distribution:** **1,200 USDT** is distributed across the marketing bonuses.
- **Your Share:** At 55%, you earn **660 USDT** per month.

USDT Top-Up Fees:

- **Commission:** 2.2% fee on top-ups, with 0.3% distributed to the marketing bonuses.
- **Calculation:** From 600,000 USDT in top-ups, 1,800 USDT goes into marketing bonuses.
- **Your Share:** At 55%, you earn **990 USDT** per month.

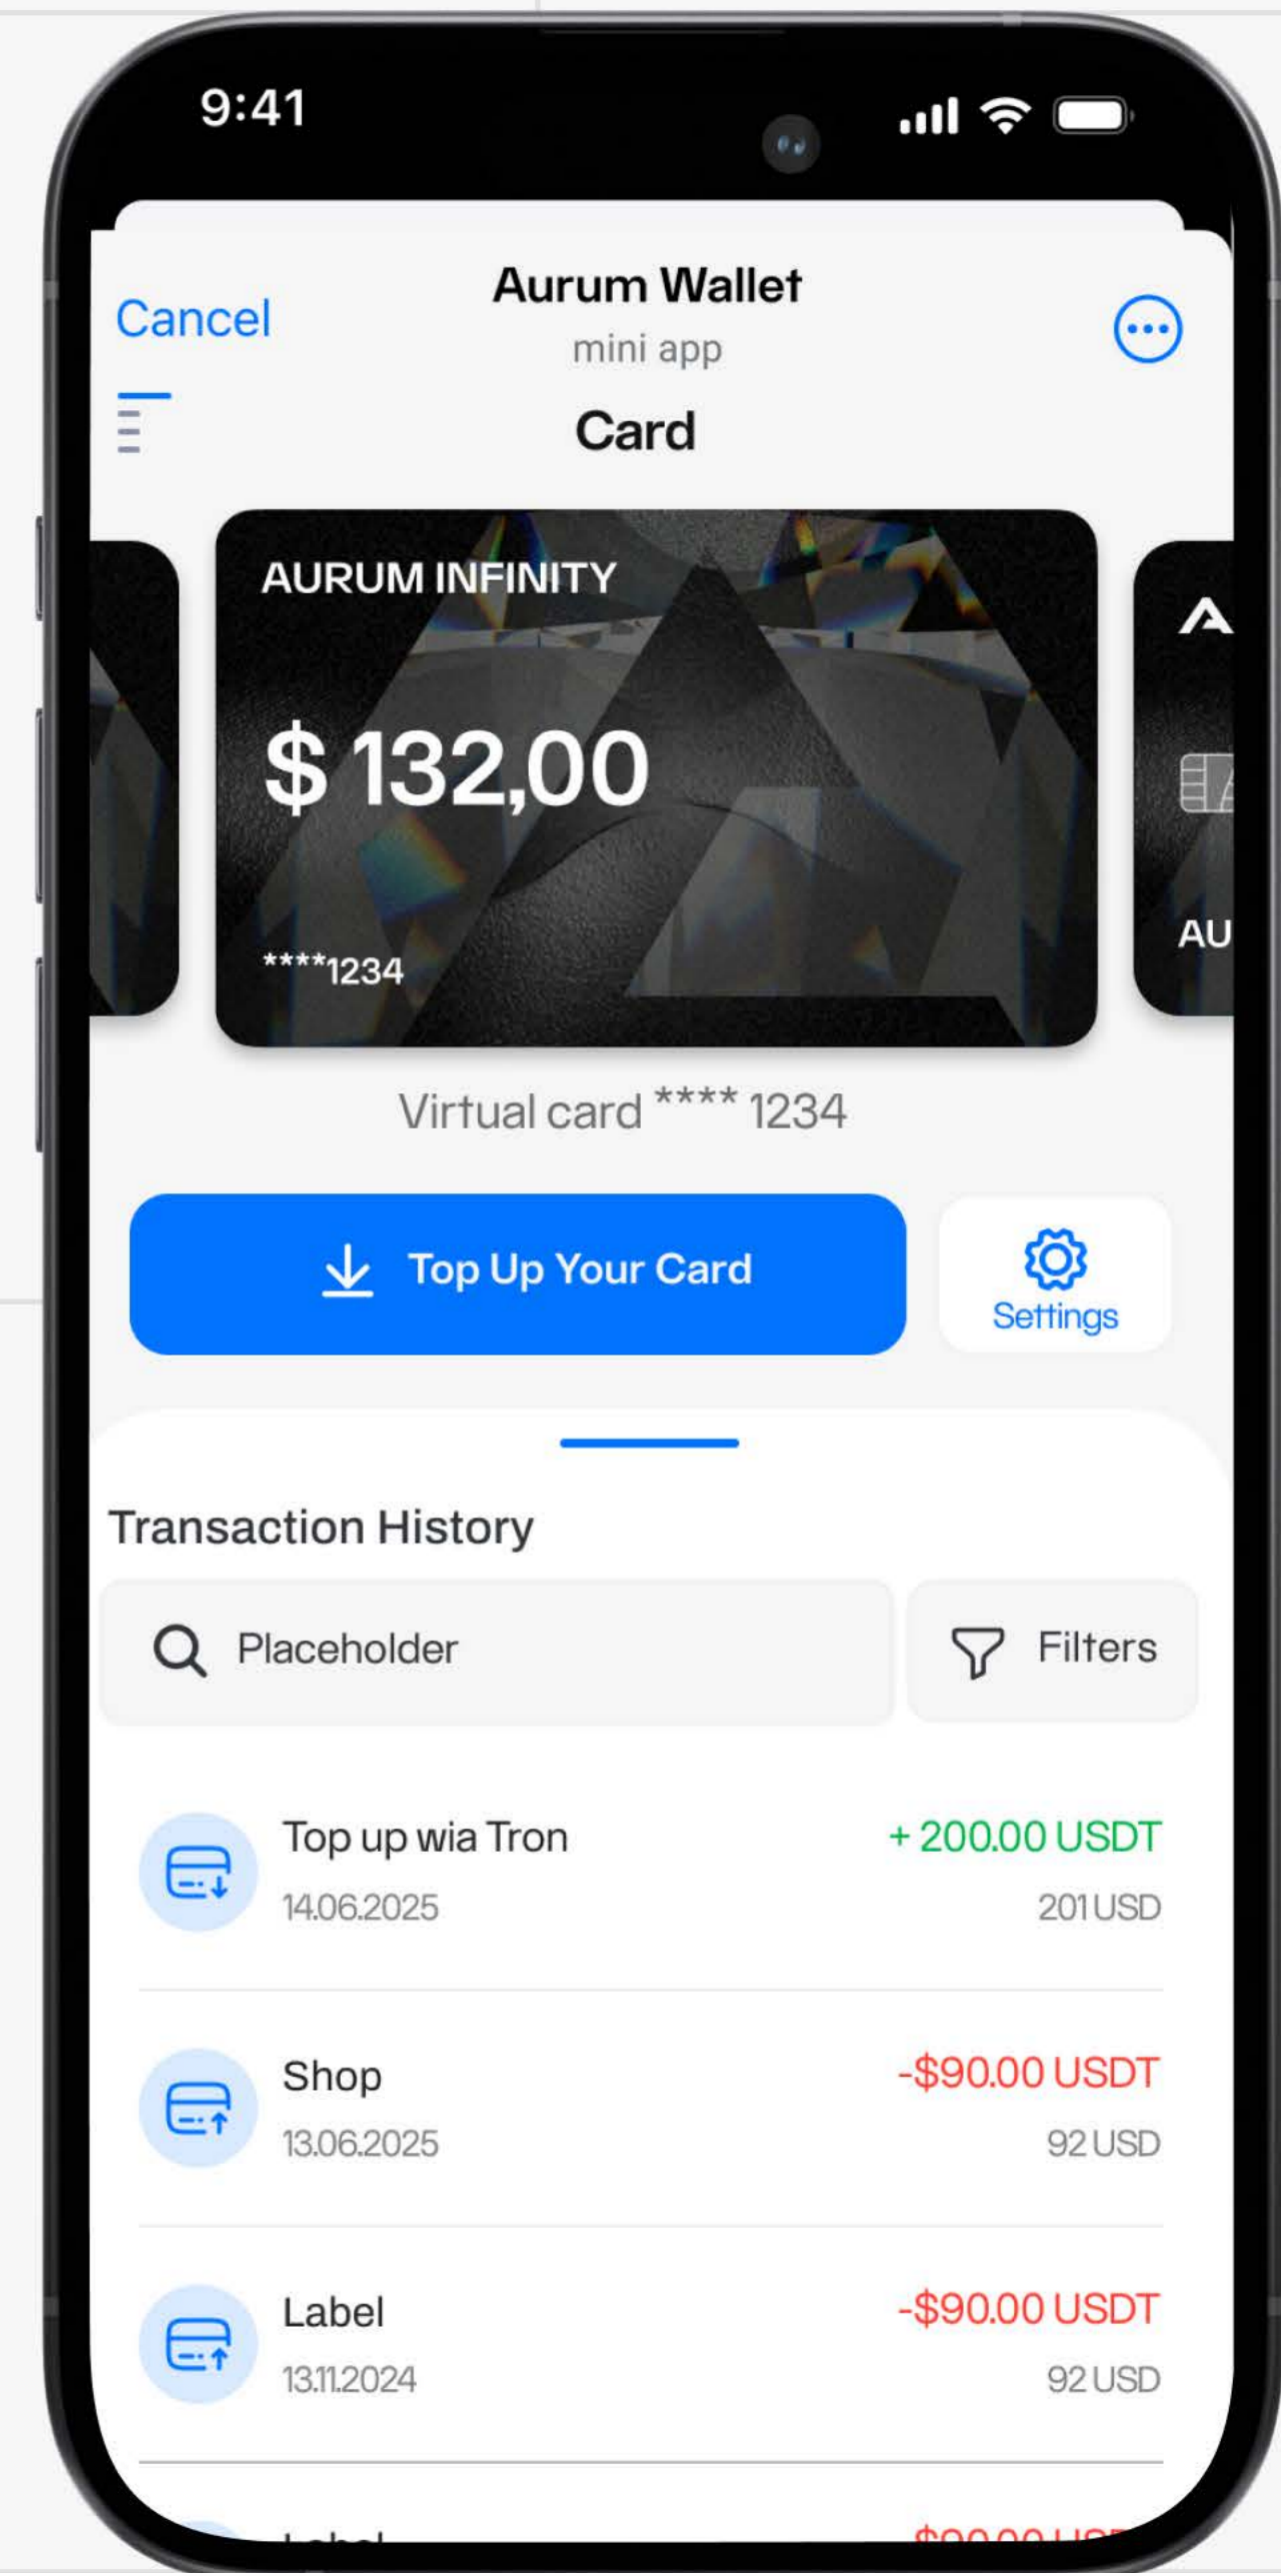

Total Monthly Earnings from Commissions:

By simply leveraging the ongoing activity of your sold cards, you could earn an additional **1,650 USDT every month**

NEOBANK PRODUCT = NEW FRONTIER FOR AURUM

The launch of AURUM's NEOBANK unlocks powerful new growth channels:

New Marketing Access

- Google Ads & Paid Search
- Contextual advertising — legally approved
- Instagram influencer collaborations
- Facebook & Meta ad campaigns

Institutional & Business Entry

- Trustworthy structure for B2B partnerships
- Opens doors to licensing in new markets
- Legal infrastructure for long-term global scaling

AURUM NeoBank bridges the gap between Web3 and real-world finance.

This is a turning point for visibility, growth — and credibility on a global scale.

WHY THIS MATTERS:

Broader market reach

The apps will make AURUM Neo-Bank accessible to users outside the crypto-native space — including traditional banking users and corporate partners.

A complete mobile banking experience

Users will be able to manage AI bots, cards, wallet balances, transactions, and partner activity — all within one seamless mobile app.

Driving adoption and scalability

The app launch will open the door to scaling AURUM Neo-Bank to new markets and audiences — accelerating ecosystem expansion

Stronger positioning as a global fintech product

Operating as a standalone app will strengthen AURUM's positioning and credibility in the global fintech space — supporting ecosystem growth and partnerships.

The iOS & Android launch is a strategic step — moving AURUM NeoBank from an internal ecosystem tool to a global, scalable fintech product.
